My dear Mr. Robinson,

Thank you most sincerely for your kind letter of sympathy and of appreciation. The many expressions of esteem for father have made our loss seem if anything greater, and yet our sorrow lighter as we have realized how many are sharing it with us, yet rejoicing that father has gone to his reward with Christ. Although father's death was so sudden, - even five minutes before the uremic

convulsion which took him off instantly, neither mother nor Eleanor, just home for her spring vacation, nor the doctor treating him for heart trouble, suspected anything critical, - yet God has indeed given us much to be thankful for - Eleanor had arrived home that noon, for the first time since Christmas and I had been home but a week previously.

I shall send your letter to mother who is now making her home at Allentown, N. J. with her mother and sister.

Very sincerely yours,

S. Malcolm Van Dyke

Dear Friend:

We wish to thank you very much for the beautiful letter you wrote us I dont think we deserve such words of praise. We enjoy singing there and are thankful for the privilege and the little we can do we do for our blessed Master & in His Name. We are very grateful for the many dear friends we have in the "Old First" Church & sincerely enjoy going there to church. We all love the splendid

sermons we hear each Sunday & we enjoy helping with the singing. We wish to thank you & all for the check. It was lovely of you to remember & we accept it in the same spirit of Christian affection that it was given. After all we are all only human & nothing warms the heart more than to be remembered & prayed for, tho so little deserved, by our friends.

Again thanking you we will always remember you all in our prayers & wish for great spiritual blessings for the First Presbyterian

Church of Delhi, Newyork. May
God bless both pastors & people
is the sincere wish of
Your friends

My dear John,

Your letter to Walton was sent up and I have waited a few days before writing you , as I have been installing a milking machine outfit up the Little Delaware , the first new outfit I have sold this Spring although I have sold many parts, Engines Ect ,Pumps and extra units.

I called on Dr. Robinson to day and went over matter with him, and I very much in favor , as I have been all along of your taking the opportunity that presents it self , and making the change just as quick as parties interested can arrange . I know from her letter that Aunt Louise favors the move,

Aunt Madge wishes that you would come east , and you could sell most of your stuff and replace at cost here and bill direct to Delhi such freight as you needed to bring,

You could put up here until you found suitable rooms , In fact I have asked an option or first consent on some very desirable rooms or rather half house(Up and down stair)on Franklin St corner of Main , that is liable to be vacated in a few months , possibly inside of a month or two , If tenants get posession of property willed to them ,

These rooms are $20.00 now but will let again for about $ 25. probably , maybe less,

I let a very good Dodge Coupe go to garage down below here and took a used Studbaker a friend turned in, They still have car that I think could be bought for $250 maybe $ 300 with new tires on . It would do you fine as it seats three . The chassis repainted would put it in fine shape.

I would consider the fact that Dr. Roninson who has backed you through College, Seminary and Otsego Presbytery is making you the offer as his best mature judgment of the future outlook,

If you should not either of you want to continue the mutual work , goodness knows the Churches are calling

All the young men that are loose and then some are vacant , but I feel sure that with the large rural and village field that your Church ministers to will give work here for both yourself and Dr Robinson for some time.

The field of work would widen , and your wife and yourself would both have a wider field of work here, and her Foreign Missionary Work would be a big asset to the Presbtery of Otsego and all the various large societys that are big factors in the work.

The First Church has the largest organized Bible class I know of in Mens work which will appeal to you, and the Church is full of Young People many of them in the country.

With a membership crowding 500 over a large spread out section , you will have ample chance to fill your time and interests,

You are the only Minister in our small Family and as I remember it I had some part in advising you of taking that Calling , and while we have been attached to the work of the Second Presbyterian Church here and are loyal members there , yet we are Presbyterians first and in full confidence to us few concerned I will say right here, if you will come on and take up this field that offers, we will back you to the limit and will make your Church ours when you install. Madge spoke of it to me first, and of course she knew I felt that way .

I am also interested in Dr. Robinson,s work here as he has been a loyal friend to all our Family , and I am interested in the Organized Mens work of The First Church and its large field of work.

It is some times hard to decide what is best, but if it had not been fore ordained for you to come here, then you would not have been a member here and ordained through this Presbytery . When you belonged at Walton.

Aunt Madge came down supported to Dinner and we carried her back , Some better yes, but a long ways to go yet I am afraid. Well God bless you both and consider hard.

Dear Pastor
